

Partnership Announcement

The CEO of UMTA Apiculture, Mr. Bukenya Hashim Stanch, is pleased to announce a strategic partnership with Hajji Abas Bwanika, Senior Coordinator in Greater Masaka Region.

This partnership aims to promote sustainable agricultural practices and economic empowerment in the region, with a focus on coffee production and related sectors.

Coffee Value Chain

Together, we will work to enhance the coffee value chain in Lukaya, Masaka, and surrounding areas, covering:

- Coffee farming and production
- Coffee processing and hulling
- Coffee roasting and grinding
- Coffee packaging and marketing
- Coffee exports and international trade
- Coffee Nursery Beds: Establishing and managing coffee nursery beds to provide high-quality coffee seedlings to farmers.

Additional Initiatives

Our partnership will also explore opportunities in other related farm sectors, including:

- Sesame seeds for cooking oil production
- Sunflower seeds for cooking oil production
- Soya beans for cooking oil production
- Other oilseeds and agricultural products

Appreciation

We extend our sincere appreciation to Hajji Abas Bwanika for his commitment to promoting sustainable agriculture and economic development in the Greater Masaka Region. His expertise and support have been invaluable to our organization.

About UMTA Apiculture

UMTA Apiculture is a leading organization in Uganda's apiculture industry, dedicated to promoting

beekeeping, honey production, and sustainable livelihoods for rural communities.
